

Mobility Alliance Ford E-van Fuel System Product Information and Order Form

Introducing Transfer Flow's 30 gallon aft axle fuel tank system for modified 2004 - 2011 Ford E150, E250 and E350 fuel injected gas E-vans.

To maintain a pathway to compliance via FMVSS, and for a proper fit of the Transfer Flow aft axle fuel tank system, the 2004 - 2011 Ford E-van must be equipped with a compliant two inch body raise.

For more information about the 30 gallon aft axle fuel tank system for 2004 - 2011 Ford E-vans, or to place an order, contact Transfer Flow at (530) 893-5209, ext. 11, or email bwinter@transferflow.com.

Pricing Guides — *Sold in Quantities of 2* Ford E-van Fuel Tank Systems
