

**40  
GALLON**

## Small but Mighty

***Keep up the momentum with a refueling station in the bed of your truck!***

**K**ick the fuel cans to the curb when you install a safe, legal, and reliable Transfer Flow refueling tank in the bed of your truck. Perfect for refueling vehicles or equipment on the go, our refueling tanks will save you time, money, and hassle.

Transfer Flow refueling tanks come complete with everything needed for installation.

Our 40-gallon refueling tank system is Department of Transportation (DOT) legal to carry and transfer gasoline, diesel, and kerosene. The compact design of the 40-gallon refueling tank fits under most tonneau covers and sits comfortably in the bed of all light and heavy duty trucks.

The 40-gallon refueling tank is made from 12-gauge, high-yield U.S. aluminized steel, for superior durability and strength; and powder coated black for durable satin finish. As with all Transfer Flow fuel tank systems, this refueling tank comes complete with all parts needed for installation.

**5 FT AND LONGER**

**Fits:** All Light and Heavy Duty Trucks  
**Fuel:** Gasoline, Diesel, Kerosene  
**Ship Weight:** 190 lb.  
**Dimensions:** 40" L x 23" W x 17 1/2" H  
**Part Number:** 080-01-16206
