

**60
GALLON**

Haul. Tow. Explore.

Boost capacity with a premier fuel tank that's built tough like your truck!

Dominate the open road by replacing your stock fuel tank with a Transfer Flow high-capacity replacement tank.

The unique design of the 60-gallon Ford replacement fuel tank features exterior fuel lines and a relocated water separator to make the most of the available chassis space while maximizing the capacity of your main fuel tank and keeping your truck bed open for life's adventures.

Our premier high-capacity replacement fuel tanks are made from 12-gauge ReliaSteel®, high-yield U.S. aluminized steel, for superior durability and strength. All Transfer Flow fuel tank systems are backed by our 6-year, unlimited mile warranty, and come complete with all components needed for installation.

**6 1/2 FT BED CREW
8 FT SUPERCAB**

Fits: 2017–20 Ford F-250/F-350
Fuel: Diesel
Ship Weight: 216 lb.
Dimensions: 72 3/4" L × 17" W × 17" H
Part Number: 080-01-16565
Textured Coating Part Number: 080-BL-16565

FEATURES AND BENEFITS

- For drivers who want to maximize their fuel capacity and driving range without sacrificing truck bed space
- Tank sits above the differential: no skid plate needed
- Fits in the same space as stock fuel tank
- Fuel tank mounts inside the frame rail
- Built from 12-gauge ReliaSteel®, high-yield U.S. aluminized steel, for superior durability and strength
- Comes with straps and mounting hardware
- Powder coated for a durable satin black finish
- Baffled to prevent fuel sloshing
- 6-year, unlimited mile warranty
- **Optional upgrade:** Textured coating
